My Weight Stopped me from Ever Feeling Happy

Carmela Corrao

"My name is Carmela Corrao. I am 48 years old and live in Rosarno in Italy. Before I found Herbalife I was going through a very difficult time in my life, I was a busy mother and felt constantly exhausted, I was overweight and consequently I was suffering from ill health, I really felt a mess."

"That party arrived at the right time in my life!"

"I was invited to a party and to be honest I decided to go just to be nice. I was not aware of Herbalife products at that time and I only tried the products as I was feeling lethargic. Having been introduced to the Herbalife products was and is still today the best and luckiest event in my life. I really thank Distributors Pino and Franca Rosarno, who explained how the Herbalife products could help me, and supported me throughout. In a short period and after making some simple lifestyle adjustments, I went from feeling like a broken down 'Cinquecento', to feeling transformed into a wonderful 'Ferrari'. My vitality is so much higher, and after these results I can not imagine life without Herbalife!"

"Once I started to feel better I wanted to tell everyone I met about Herbalife."

"When I started using the products I was really overweight; now after some months I have reached my weight goal and feel like a new person. I wanted to share my good fortune with everyone, so I started working with Herbalife! Last month I qualified for the World Team and absolutely love my business. Since seeing what Herbalife has done for me, my husband has also started supplementing his diet with Herbalife products and has managed to lose, using the Weight Management Programme, the excess weight he was carrying."

"In summary, the late Mark Hughes' dream, to improve peoples' all round well-being and have a more active and satisfying life, has definitely come true for my family. All I can say is thank you Herbalife."

"Everyone who knows me and hears my story first hand cannot help but be infected by my enormous enthusiasm for Herbalife and this is why..."
